## Main material/upper material

Microfibre leather

Size 42: 342 g

- Lightweight, modern non-safety sneaker with microfibre upper that works as both a business shoe and a light work shoe.
- EVA midsole and soft, flexible insole give you maximum shock absorption.

## Technical info

Non-safety – footwear without safety components. Microfibre upper. Lace fastening. Outer sole made of EVA. Shock-absorbing, soft and flexible insole.
