

- Breathable, wind and waterproof with taped seams.
- Very durable.
- Unique CLIMASCOT® insulation provides warmth without bulk. Lightweight, soft CLIMASCOT® insulation takes up almost no space when compressed.
- Ergonomically shaped trouser legs are constructed to follow the body's natural movements.
- Ruler pocket with Kevlar® reinforcement - particularly resistant to pointed and sharp objects.
- The kneepad pockets of durable CORDURA® are adjustable so the kneepads have the optimal position on your knees.
- Raised back piece provides support and extra protection against cold and wind.
- Snow locks inside the leg to keep snow and dirt out.

Logo

You should choose a transfer that can be heated to a maximum of 145 degrees when being printed onto the product. Remember to check the washing instructions for the chosen transfer before washing the product.

The product is certified with a maximum logo area of 0,1900m². This approved area must not be exceeded. Logos respectively on the front or back of the product, can only constitute a maximum of 50% of the total approved logo area in order to maintain the EN ISO 20471-certification. Note: The listed area is only a guide to how much space is available for logo placement. In order to maintain the product's hi-vis class according to EN ISO 20471, the instructions on logo size must be observed.

Logo placement:

- Workwear logo. Over left front pocket. Max 11x6 cm/4.3x2.3 inches
