Logo

As the product is made of stretch material, a stretchable transfer must be used when printing on the product. You should choose a transfer that can be heated to a maximum of 145 degrees when being printed onto the product. Remember to check the washing instructions for the chosen transfer before washing the product.

The product is certified with a maximum logo area of (C34-C38) 0,3700 m², (C40-C56) 0,0400m². This approved area must not be exceeded. Logos respectively on the front or back of the product, can only constitute a maximum of 50% of the total approved logo area in order to maintain the EN ISO 20471-certification. Note: The listed area is only a guide to how much space is available for logo placement. In order to maintain the product's hi-vis class according to EN ISO 20471, the instructions on logo size must be observed.

Logo placement:

- Workwear logo. Left front pocket. Max 11x6 cm/4.3x2.3 inches
- Workwear logo. Right front pocket. Max 11x6 cm/4.3x2.3

inches
