Canvas structure.

Industrial care category C2

- Easy and flexible placement on trousers, shorts and 3/4-length trousers via the Click Pocket System.
- Developed in collaboration with electricians to match your needs.
- Extra pockets and straps and holders for insulation tape, etc.
- If you are in need of more space, you can add additional holster pockets.
- When the weather changes, you can easily transfer your holster pockets from trousers onto 3/4-lengths or shorts.

Technical info

One holster pocket. Can be attached easily and individually via Click Pocket System. High durability with many pockets. One large and spacious pocket. Nine smaller pockets for tools. Three straps and a holder for attaching insulation tape. Strap for hanging after removal. Measures 20 x 30 cm. The tools shown in the pictures are not included. The pictures only show examples of how the holster pockets can be used.
